## Friend of the Court

Re: Guo v. Xia 18-174

We, the undersigned, the witnesses for the case CV-174 protest that court unfairly excludes all of witness in the last two days before <sup>jury</sup> trial. All exhibits and video evidence have also been excluded.

Mr. Baosheng Guo has been approved by Judge this morning after the plaintiff Counsel proposed to exclude the witness, yet when the plaintiff counsel proposed again, the judge authorized the exclusion causing Defendant defenseless stemming from the beginning of 05/24/2019.

We couldn't accept the undy, unfair move at the last minute. Our conscience and common sense tell us that something scandalous abnormal and terribly going on in and out of the Courtroom and all the undersigned are willing witnesses.
